We cannot speak highly enough about our DELLA collection. It is simply one of the best beds out there. Solidly crafted with its own hydraulic storage lift mechanism, it is built like a tank. Extra strong German rated TVAC pistons allow you to lift your mattress up with ease to expose your entire shoe collection, snowboards and skis, or swapped out seasonal wardrobes. The DELLA bed boasts a beautifully book matched Walnut wood headboard detail. The DELLA collection case goods are made from beautiful Walnut wood veneers and black tempered glass tops; this surface allows you to rest a hot cup of morning coffee without worry of watermarks or rings.
