The LUNAR storage bed is out of this world. Just one look and you'll fall in love with this modern minimal elegant bedframe. The generous headboard makes a statement with a blind single tuft across the width of the back. The grey tweed fabric contains all the colors and tones you would expect to see when you gaze up to a full moon and coordinates beautifully with any one of our case goods. The hydraulic lift system is incredibly solid, and the interior is beautifully finished to store the most precious of items inside.
