Lavastone Nesting Tables

Price: \$499.00

	Height	Width	Depth
Overall	18.25	19.75	19.75

Open and airy, black-finished iron framing supports rounded tabletops of black lavastone. Slide apart for double the surface area, or layer them up to save space. Lavastone is a natural volcanic rock that is extremely durable and a texturally porous material that can absorb moisture. The surface is hand-polished and specially sealed with a protective polyurethane wax coating, perfect for use indoors or out.
