Fiocco Premium Bedroom The Fiocco Bedroom is our newest Italian set that redefines luxury. The “Gold Leaf” trim in front of the case-goods is replicated on the vertical handles of the drawers and it is scaled to deliver a tasteful design that is rich but not overwhelming. Gold finishes are an everlasting trend in luxury furniture so the glossy white lacquer color. The flooding design of the bed suspended with a metal central bar is matched by the one on the case goods. The upholstered headboard is covered in eco-leather, a material that stands well when in touch with human hair. All drawers are equipped with high-quality, soft, self-closing, undermount slides with stop safety feature to prevent a full extraction. The smooth and firm opening and closing movement of the drawers convey a sense of luxury. Drawers are completely lined with fabric-like material that is scratch and stain resistant. Bed sides and footboard are assembled with cam-lock hardware that guarantee precision and sturdiness.
