Infinity Premium Bedroom The Infinity Bedroom is the newest trend setting collection. The simplicity of the monochromatic glossy white color balance the visual movement created by the tiles placed on top of the front panels. The L shaped metal handles have the same depth of the tiles and complement the check design with symmetric geometric forms that go left-right and top-bottom. Nightstands and dresser are scaled to stretch out and be in harmony with the extended headboard. White glossy color and stainless-steel finish are classic in modern design. All drawers are equipped with high-quality, soft, self-closing, undermount slides with stop safety feature to prevent a full extraction. The smooth and firm opening and closing movement of the drawers convey a sense of luxury. Drawers are completely lined with fabric-like material that is scratch and stain resistant. Bed sides and footboard are assembled with cam-lock hardware that guarantee precision and sturdiness.
