The Cast Naturals Collection highlights our skill at taking an innovative material and making it feel as if it sprang from nature. The Plateada Silver Hollow Console is made of composite that has been molded to look like a piece of burl wood it took nature ions to create. The advantage of having a console table made from this durable material is that it will long outlast its natural counterparts pulled from the forest floor. This piece is the perfect representation of the Phillips Collection ethos: modern organic. We offer the Plateada Consoles in a number of finishes.
