The conduit design of this Randolph series installment artfully blends stainless steel tubing with mahogany varnished poplar wood slats. Modernism used to be about extremes. Wild shapes and patterns that don't dare resemble its predecessors. We've reached an age of maturity of sorts. We appreciate style, but all the more, we respect those designs that represent a blending of cultures. The Randolph steel and wood panel bench is famous not for its radical shape, but for the strategic transcendence that it provides. Randolph is perfect for reception rooms, living and lounge areas, and any other place in need of transformation. Set Includes: One - Randolph Stainless Steel Small Bench
