Showcasing the beautiful color and grain of solid bamboo, the Azara platform bed features contemporary styling, clean lines and a stunning headboard accent in exotic tiger bamboo. The Azara platform bed is designed for use with a mattress only, which is supported with a solid bamboo European slat system, eliminates the need for a box spring, and provides constant ventilation for your mattress. Available in Queen, King, and California king sizes, in your choice of caramelized or rich Sable finish. Crafted in solid Moso bamboo, the Azara's elegant silhouette creates a timeless look to complement any style.
