Revamp your master bedroom or guest suite with fully customizable sleep from the Convert Adjustable Queen Bed Base. This adjustable mattress foundation allows you to find your perfect position while watching TV, reading, sleeping, or just relaxing in bed. Complete with zero-gravity options, Convert will enable you to adjust head and foot elevations separately to best suit your needs. Included with this adjustable bed base is a wireless remote with programmable memory for your favorite option, and a one-touch lay-flat button for added convenience. Transition rests atop a black stainless steel bed frame with six sturdy steel legs and non-marking foot caps. Featuring a mattress foundation that eliminates the need for a box spring, Transition makes it easy to achieve your ideal sleep and comfort. This queen bed frame is ideal for memory foam, air, and latex mattress types. Fits inside most queen bed frames. Bed Weight Capacity: 750 lbs. Set Includes: One - Convert Adjustable Queen Wireless Remote Bed Base
