Revamp your master bedroom or guest suite with fully customizable sleep from the Convert Adjustable Split King Bed Base. This adjustable mattress foundation with two twin XL bases allows you to find your perfect position while watching TV, reading, sleeping, or just relaxing in bed. Complete with zero-gravity options, the Convert Split King Bed enables each sleeping partner to adjust head and foot elevations separately for personalized comfort. Included with the split king size are two wireless remotes with programmable memory for your favorite option, and a one-touch lay-flat button for added convenience. Transition rests atop two black stainless steel Twin XL bed frames with six sturdy steel legs and non-marking foot caps on each frame. Featuring a mattress foundation that eliminates the need for a box spring, Transition makes it easy to achieve your ideal sleep and comfort. This metal bed frame is perfect for memory foam, air, and latex mattress types. You will receive two twin XL bases. Fits inside most king bed frames. Bed Weight Capacity: 772 lbs. Set Includes: Two - Convert Adjustable Twin XL Wireless Remote Bed Base
